

The Sherwood Clinic

INTEGRATIVE MEDICINE CPD EVENT: 3 Saturday 16th November 2013

The third in the series, this seminar had a strong practical focus.

Held at The Sherwood Clinic, this event provided GPs with an opportunity to refresh their assessment skills for upper limb musculoskeletal pathologies, neurological conditions and highlight novel evidence based and cost effective multidisciplinary approaches for Pulmonary Rehabilitation. Highly interactive sessions were led by the Principal Practitioner Sushma Sanghvi, Mr Ian Bayley, consultant Orthopaedic Surgeon and renowned expert in the field of shoulder surgery, Dr Raj Kapoor, Consultant Neurologist at the National hospital for Neurology and Neurosurgery. Practical workshops on CVA management and upper limb examination were led by experienced physiotherapists at Sherwood.
